OUR VERTICALS

iSchool Bus

At NVS, our belief is that students and their families are offered a foundation of success with education. We are humbled that with the help of our transport system we can ensure that the children are in safe hands while commuting to school with our transportation which gives utmost importance to safety, reliability and friendly environment during transportation.

As one of the leading transportation solutions providers in the city, we understand the importance in leveraging our technology, fool proof process, and best practices to deliver best in class quality transportation solutions. We take pride in our unique quality of establishing trusted affiliations with the schools served by us.

iCommute

We understand your efforts and hard work to keep each of your employee Safe and Satisfied while they contribute to the growth every day.

iCommute - has transpired as a successful & leading Employee Transport Service by focusing on Reliable, Safe Transport System and transparent pricing techniques to save cost, with classified services which are Monthly Contracts, Hire basis, Kilometer basis, Trip Basis and also on Head Basis. This cost-effective planning comes without compromising on quality of service, safety, comfort and convenience of each employee traveling on our vehicles.

As an Employee Transport Service, we cater to all types of AC and Non/AC vehicle requirements starting from 4-seater to 50-seater (Sedans, CUVs, SUVs, Tempo-Travelers, & Buses) round the clock.

NVS takes the end to end responsibility of the entire transport operations for your employees and ensures safety, allowing you to focus on your core area of business, leaving your Transport operational challenges to an experienced service provider like us.

SAFETY

Safety is a “big word” and Safety is not a precaution it is mandate. Our Safety measures begin with training our teams especially Drivers. Starting from Traffic Rules, and Defensive Driving Techniques, we also educate our teams on their behavior and stress management which is a part of the on-boarding process along with their Background verification, Police Verification & Medical Health Checks.

Catering to Schools has helped us develop many training programs for ground teams to ensure road and each passenger safety. The periodical training programs help us polish and educate our teams on their driving skills, Enthusiasm, Polite attitude, and different behaviors while at the client's premises.

GPS, Vehicle tracking system is installed on vehicles to check the real-time location of each vehicle. Frequent updates are given to the client in case of route deviations, delays or any incidents. Though, any breakdown preventive measures do not result into 100% prevention from breakdowns, our teams make sure that the alternate arrangements are made immediately in case of breakdowns and the client is communicated on the same.

FLEET

Our fleet just does not cater to the employees of our clients. It also carries the Brand Value and reputation of each of our customer we cater to. As the demand and competition is increasing, it is very important that our fleet is meeting all the expectations of each Client.

We have various pricing concepts which allow all our customers not only to choose the type of vehicle but also to procure brand new vehicles through a dedicated fleet module. All our vehicles are maintained by the In-house Maintenance team which adds huge value to our operations by taking all preventive measures to reduce breakdowns and to maintain a good condition of each vehicle.

Going through the pre-trip and post-trip inspections of each vehicle is mandatory for supervising team. These inspections include various methods of checking acoustics, electronic devices and cleanliness of the upholstery and then vehicles are certified fit for each trip.

WORK FORCE

Our forward-looking Leadership team is made of dedicated, focused and experienced people, working with each other and the teams across all divisions it credits its strength, knowledge and expertise towards our services, ideas, and giving now touch to a consistent approach to managing our business, and to the character of our people to make a difference for all our stakeholders, employees, & Customers in Bangalore and Coimbatore.

Our Experienced Supervising, & Managing teams strive towards smoother day to day operations by optimizing each route based on rosters, to determine the exact requirement, and to cater to your transport needs in cost effective manner. The hiring and onboarding well experienced drivers also taken care at this level.

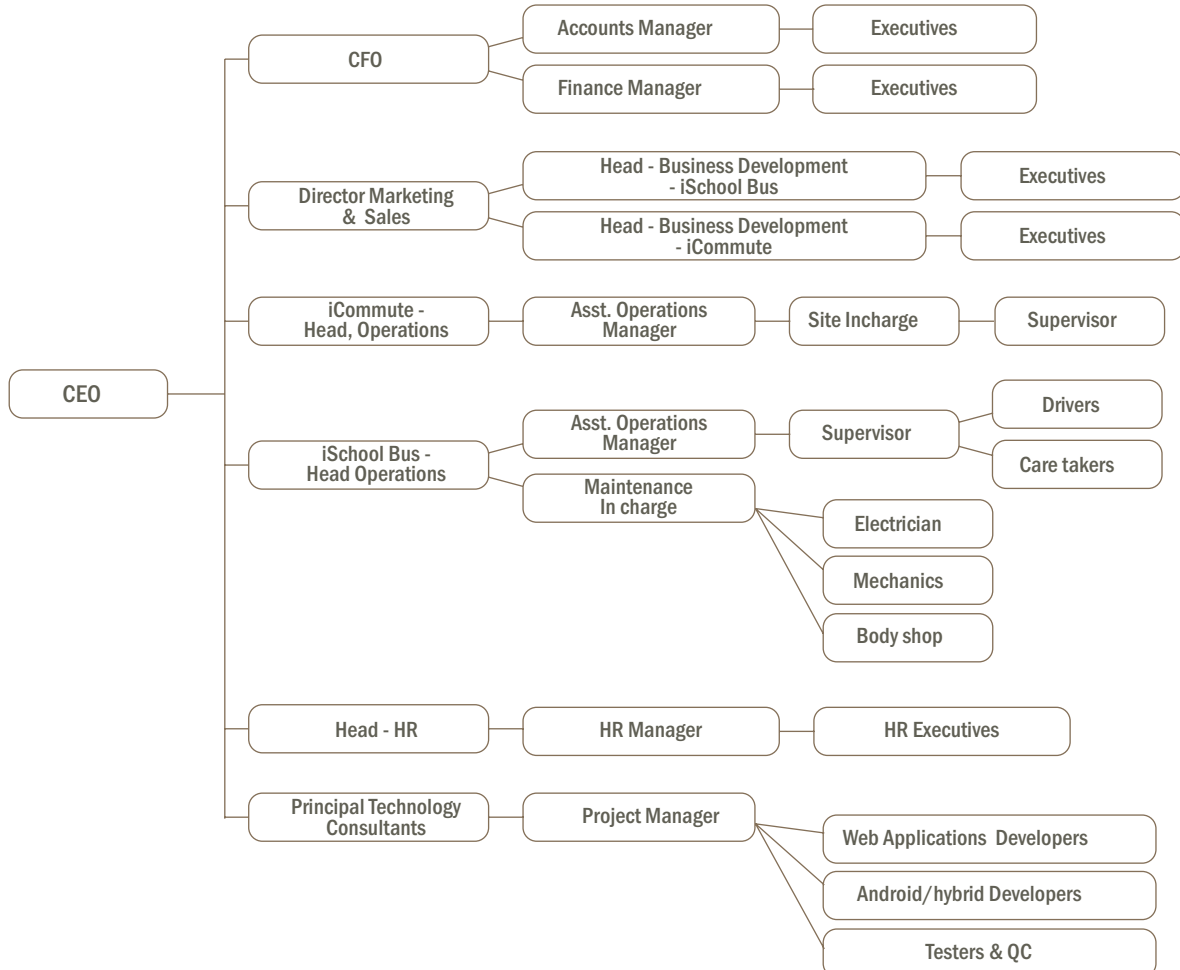

The process of timely response to attend to any query or an incident directs them to be Proactive, Enthusiastic and Diligent to achieve highest Client Satisfaction.
